Collection Of Rubbish Continues

Council Abandons Plan To Change System; Delays Direct Purchase Of Gas

There will be no change in Sierra Madre's rubbish collection system. The city council voted Wednesday night to continue regular collections as heretofore but to rigidly enforce rules relating to the collections that were announced when the system was established.

This calls for collection one day a month in each section of the city. Householders are required to have their rubbish and trash available at the curb on the date indicated in a given area. A charge for collection of rubbish put out after that date will be made. Any household putting out cuttings, trash or rubbish 24 hours or more before the date of collection will be subject to a fine.

Addressing the audience at Wednesday's council meeting, many of whom had come to express themselves on the proposal to abolish rubbish collections, Councilman Tom Schwartz said the council would enforce the rules adopted when the present system was inaugurated.

Mrs. C. A. Vane of East Sierra Madre Blvd., said the average small property owner had not been responsible for most of the violations of the rules and that discontinuance of the present policy would work a hardship on many and be a detriment to the city's appearance. She said street sweepings were often permitted to lie in the gutters for an unreasonable time.

The council received communications from the Standard and Signal Oil Companies asking to

Chess Tournament Of '38 Will Set A New Record

Interest throughout Southern California in the ninth annual Morphy Day carnival to be held June 25 at the city park indicates it will be the most successful ever staged.

The Chamber of Commerce announced yesterday E. P. Elliot, secretary of the Los Angeles Chess and Checker Club, will direct the carnival. He was at one time champion of the Western association and is now president of the Southern California Chess League.

L. H. Heath has been appointed to act as chairman of the local committee. The program is now being prepared.

Over \$300 Donated To City Youth Organizations

A. B. Collins, flood control engineer for Los Angeles County, gave the Kiwanis Club a history of flood control work which started in 1914 at its Tuesday luncheon meeting. He described the work necessary to keep the county's flatlands in good condition.

Of interest to Sierra Madreans is the fact that \$15,000 has been appropriated to remove the silt and debris which has collected back of Little Santa Anita dam. A feature of the club program was a report on the local community fund drive by the teams captained by Frank Spencer and William L. Burr. The west team was trailing its competitor by \$8.00; \$115.00 having been collected by the former and \$123.00 by the East team. To date, approximately \$330.00 has been subscribed.

Fantasy Offered By PTA Tomorrow Tells Delightful Tale

The fantasy, "Sara Carew and the White Peacock," which will be presented by pupils of Madam Marion de Beaulieu at the school auditorium tomorrow night as a benefit for the PTA welfare fund, is a delightful tale which will appeal to young and old.

Eighty children appear in the cast the principals being Lorraine Melvin as "Sara Carew" and Marilyn Plan as "White Peacock" who distinguished themselves by their splendid dancing performance in "The Bluebird" a year ago.

The admission charge is nominal so that every child and grownup in the community may attend.

A charming pre-graduation program in their honor has been arranged for Tuesday evening when the grammar grades will present an operetta, "Cinderella."

Snow Is Melting, So Jim Hawks Is Off To His Mine

Warned ten days ago that it would be impossible to get through the deep snow of the mountains in Nevada county where his gold mine is located, "Jim" Hawks got word Tuesday that he "might be able to get in" by Sunday as the heavy pack is melting rapidly now. So he struck out for the north last night. "I'll get in somehow," he said, "but will only be gone for a couple of weeks." Later in the summer he will return with supplies for a long stay.

Want Settlement For Street Damage

Councilman Paul Carter has been designated by his colleagues to negotiate a settlement with the Thomas F. Shea company for damage suffered by Grand View avenue and other city streets while the Metropolitan Water District's pipe line was being laid through and into the city.

Council authorized City Attorney Dunn to agree to a stipulation that the suit of former City Engineer Henry Gierlich to collect \$14,000 in fees for work on the Central avenue extension would not be called to trial until after next January 1.

Busy Business Man Mistaken For Thief

Hearing a noise in the basement of the Harry Barrington Plumbing Shop in Baldwin avenue early Tuesday morning an out-late resident surmised burglars were at work and notified police who found M. L. Bowman, a tenant, merely trying to catch up with accumulated business.

Engagement Of Miss Kathleen Moote Is Announced

A smart party given at La Venta Inn in the Palos Verdes hills Saturday night, was one of particular interest in college and Sierra Madre social circles, the formal sorority affair, serving to announce the engagement of Miss Kathleen Moote, daughter of Mr. and Mrs. F. D. R. Moote of 689 West Sierra Madre Blvd. and Dwight H. Poundstone.

Miss Moote will be graduated from the Teachers' College at UCLA June 11. She was president of her sorority, Alpha of Areta, at the university. Mr. Poundstone graduated from UCLA two years ago and is attending Westminster Seminary in Philadelphia. He was a member of the Alpha Gamma Omega fraternity at the university.

The wedding date has not been selected. Miss Moote will teach in the Ventura elementary school the coming year, and Mr. Poundstone will finish his third year at the seminary.

Public Has Chance To Show Its Appreciation

If the people of Sierra Madre appreciate the fine fire protection that has resulted in three successive reductions in local insurance rates, that gives everyone a fine sense of security and has held the per capita fire loss of the city at an almost negligible figure, the volunteer firemen's party at the Woman's clubhouse Saturday evening will be an outstanding success.

Proceeds of this midyear dance and card party will go into a fund for the repair and replacement of uniforms damaged in fighting fires. The uniforms, costing more than \$50, are bought and paid for by these unsalaried, efficient public servants and not by the city, as many suppose.

A 10-piece orchestra that is at home with either swing or music of the older dances has been engaged for the dancers. Various card games with attractive prizes have been provided for those who do not care to step out. You can get your tickets from any member of the police and fire departments, or at the door tomorrow evening.

Club Leader Injured In Fatal Crash At La Habra

Mrs. Myrna Cant, new president of the Junior Woman's Club, suffered a broken wrist and cuts about the knees Friday night when a car in which she was returning from a trip to San Diego was struck at an intersection near La Habra. Edward Quillen of Whittier, riding in the second car, was so badly injured he died Saturday.

In the car with Mrs. Cant were her cousin, Dr. R. E. Jernstrom, her cousin, and Mrs. Jernstrom of Rapid City, S.D. The collision was so violent that the car in which they rode was overturned twice.

Monument For New Chinatown Being Designed Here

A Sierra Madrean, Jack Young, of 261 Adams street, is designing a monument for Dr. Sun Yet Sen, first president of China, for the new Chinatown of Los Angeles, which will have its definite opening next Wednesday. He has learned quite a bit of Cantonese and is able to accomplish a great deal with the Chinese people of Los Angeles.

He served as advisor and make-up director for the presentation of "The Yellow Jacket" starring an all-Chinese cast last Friday and Saturday at the Wilshire-Ebell theatre. About two thousand people attended the performances given in behalf of the China Relief under the leadership of James Zee Min Lee and his organization.

Boys League Ball Teams Lining Up

Four Clubs Ready To Go Next Week, With Ranks Open For Recruits

The third year of the Kiwanis boys' baseball league will start next week with four teams entered in the competition. The clubs are the same as those of last year, with St. Rita's managed by Thorne Mathis and the Congo's by Waverly Pratt. At the helm of the Scouts will be Harry Lange and John McCullum. The Legion team will be directed by John O'Grady and Colin Hill.

All boys who played on last year's team will be eligible for competition this year. Any boy under 18 years of age who did not play last year and wants to play this year may file his application with Mr. Mathis at the Shell Service Station.

A group of boys will be picked from the teams and made into an all-star organization which will compete in an inter-city league, now being organized to include Arcadia, Monrovia, Temple City and other towns. The team may be entered in the Examiner South-Central California softball championship tourney.

McGroarty Says He Is Not A Candidate

A telegram received from Congressman John Steven McGroarty Wednesday would seem to remove any doubt as to his determination to retire from Congress and clear the political atmosphere in the 11th district.

"I will not be a candidate to succeed myself," the Congressman wired in response to a query.

Though he had repeatedly caused it to be understood that he would not seek re-election this year, much uncertainty existed as to his ultimate plans because two years ago he took a similar attitude until a short time before the August primary election.

Legion's Disaster Call Brings Fine Response

Response to the American Legion's disaster mobilization call Tuesday evening was more satisfactory here and throughout the 18th district than the most ardent Legion official had hoped for.

First unexpected call to report at various post headquarters went out shortly after 6 o'clock. By 9 o'clock over 82 per cent of the local membership had responded. Russell Lovejoy, in charge of 18th district mobilization, received reports from the 23 posts of the San Gabriel Valley reporting response of better than 76 per cent. Purpose of these mobilizations is to see how quickly an effective force can be gotten together in case of emergency.

Pasadena Asks Conference On Water Suit; Compromise Plans Are Reported

Zoning Plan Draws But Little Fire

Public Hearing Develops Slight Opposition To Basis For New Law

Opposition to the Master Plan or basis for Sierra Madre's proposed new zoning law came from only two areas at a hearing by the city planning commission Tuesday evening at which citizens were asked to express themselves.

Objection to a tentative proposal to make Hermosa instead of Lima street the western extremity of the West Sierra Madre Blvd. business district was voiced by Robert Babbitt and his father and Theodore Vonn who own lots near Lima street and Mrs. J. S. Peacock, owner of a property at the southeast corner of Lima and the boulevard adjoining the Babbitt properties.

R. S. McCullough of East Montecito avenue apparently impressed the commission with his argument that it was unreasonable to divide his home property between industrial and residential districts, with the result that in perfection of a zoning plan there will probably be a reclassification on both sides of Montecito in the affected area to meet his objection.

Three more hearings will be held on the zoning proposal before it can be adopted, Kenneth Sampson, zoning engineer of the regional planning commission explained to interested citizens, so that those who were not present might be heard later.

Mr. Sampson, who was loaned to the city to help work out a protective zoning law, explained the purpose of zoning for the protection of property values, comfort, convenience, safety and general health along the lines of his signed article in last week's NEWS. He also explained boundary lines of single family, two family, multiple family, business and industrial districts as indicated in the NEWS.

Maps displayed indicating the general plan were fundamental, he said. They must first be satisfactory. Later details can be worked out. Both he and the planning commission invited the widest possible discussion and the filing of protests against any proposals so that the planning commission would have every possible angle on which to base a recommendation finally to be submitted to the council for enactment.

Court decisions, he said, had left no doubt that established business in a zone later restricted would be removed.

Girl Wins Award As Life Saver; Saves Life Of A Friend

Ruth Coit, 7-2 student at the Wilson Jr. High school, made quick practical use of her certificate and honors won in a Red Cross Junior life-saving course completed the last week in May at Muir Tech.

At a roomer's swimming party at Brookside Park June 1, Betty Mae Speller, a 7-2 friend, had gone down twice in six feet of water when the alert Ruth reached her. Ruth towed Betty Mae to shallow water and safety.

Ruth was the only Wilson student taking the life-saving course to win her certificate which was presented June 8. Alma Boehmer, also of this city, won a certificate.

Fathers Present Awards At Scout Court Of Honor

Boy Scouts from Troops 1 and 2 received awards Monday night at a Court of Honor held at St. Rita's auditorium. Second class awards were presented to Budd Brett, Junior Grippi, Russell Jensen, Neale Matzinger and George Shipway, all from Troop 1, sponsored by the Congregational Church. John Joseph Smurda from Troop 2, St. Rita's Catholic Church, was given a Merit Badge award for his excellent work in photography, and Donald Tarr from Troop 1 received similar honors for his woodwork.

Russell Jensen, George Shipway, John Joseph Smurda and Donald Tarr received their awards from their fathers who were present at the exercises. Robert Newbery and Craig McLaughlin, scoutmasters, presented the remainder of the awards. Vic Teeney, scout executive, assured parents present that the boys attending the scout camp at Catalina Island will be given every attention possible from a health and pleasure standpoint. A highlight on the evening's program was the showing of a film by Robert Hartman, son of Rudolph Hartman, showing scenes in the High Sierra where the Hartmans vacationed.

Attorneys For Cities Named As Defendants Invited To Meet Monday

Color was given a well authenticated report that the City of Pasadena wants to compromise the suit through which it sought to restrict use of water in Sierra Madre and other cities of the San Gabriel Valley when the Pasadena legal department this week asked for a conference next Monday with attorneys representing the various defendant cities and private interests.

Sierra Madre will be represented by City Attorney Walter A. Dunn and Councilman Tom Schwartz. But it is considered unlikely that Sierra Madre will consider any offer of compromise that does not harmonize with its claim that its underground water supply is derived from a basin separate and apart from the so-called Raymond or Pasadena basin, the output of which Pasadena sought by its suit to exercise almost complete control. This claim set up months ago would cause Sierra Madre to be dropped as a defendant.

It is reported that Pasadena is willing to agree to use a maximum of the Metropolitan Water District supply to which it is entitled and practically cease pumping from the underground basin, though not relinquishing its rights in the amount of water it is now pumping, if the defendant cities will assume a part of its financial obligation to the water district.

Another reported basis of compromise is a proposal that cities and interests in the lower end of the Raymond basin now pumping water on both sides of the Raymond dike shall cease pumping out of the Raymond basin under some sort of financial arrangement to be agreed upon.

City Crews Attack Weed Nuisance Here Today

Failure of any citizens to appear at the Council meeting Wednesday night to protest the removal of weeds from privately owned properties will result in crews bent on weed destruction being sent out to all parts of the city today. The deadline for weed removal by citizens themselves expired Wednesday.

Death Calls Widow Of Former Mayor Robert Mitchell

The many friends here of Mrs. Robert Mitchell will be grieved to learn of her death at an Artesia sanatorium at 11:15 o'clock yesterday morning.

Mrs. Mitchell was the wife of Robert Mitchell, former Mayor of Sierra Madre, who died a few months ago. She was born in Denver on October 21, 1884, and came to California where she was three years old. Florence Bostwick was her name before her marriage. With her husband she came to Sierra Madre in 1916 and lived here until 1926.

Until a short time before her passing she made her home with her son, Robert, at 234 North Wilton Place, Hollywood. Her son was with her at the time of her death, also her brother, Norris Bostwick of Los Angeles.

Funeral arrangements had not been completed last night.

Mothers And Dads At Banquet With Camp Fire Girls

The Mother-daughter-and-Dad banquet given Friday night at the Sierra Madre school cafeteria by the three groups of Sierra Madre Camp Fire girls was a memorable occasion, with thirty wholesome girls serving capably as hostesses. The program was in the deft hands of versatile Lee Shippey.

Shadow pictures were shown by the girls, in which beauty, knowledge, trustworthiness, work, and happiness were depicted. A display of their crafts was also given. Mrs. Frank Butler and her assistants were responsible for the excellent supper.

Strange Purple Lily Blooming Here

The rare and strange looking purple lily which was displayed in the window of the NEWS office this week has a story behind it just as fascinating as its unusual coloring.

It is called a Palestine black lily of the calla variety and the bloom measures about fifteen inches. It bursts into bloom once a year in the garden of Frank Lovell at 239 Wilson avenue. Two more lilies of the same variety are just about ready to bloom, depending on the amount of sunshine and heat.

According to plant experts, the lily must in order to reproduce itself, attract insects which feed on dead animal life.

FLAG DAY

We celebrate our great national holidays in America with great parades, public demonstrations and rich oratory. We are an observant people and our patriotism calls for objective outlets. As the bands play and the Stars and Stripes go by, we feel a great surge of pride in our Republic! Flag Day is June 14 and most of us will again take time off to be proud Americans. This year, we hope the day will have deeper significance and more lasting influence on our conduct as citizens. We might, as we thrill to the splendor of Old Glory, ponder a bit on what we are doing to safeguard and protect the principles which have made it revered among all liberty-loving people. We might take stock of our citizenship. We might resolve this year, to take our partnership with government seriously.

The... Watch Tower

By Perley Poore Sheehan

HERE is another Chinese proverb we like: "If you want to be happy for an hour, get drunk. If you want to be happy for three days, get married. If you want to be happy for a week, kill your pig and eat it. But if you want to be happy as long as you live, become a gardener." We once got drunk (vicariously, of course) killed our pig and ate it. And—well, we've become a gardener. It's a wonderful proverb all right. Pure truth. Pure truth.

BUT elderly, you'll notice. Distinctly a gem for the aged. We can remember the time—when Eden itself would have left us listless, just as it must have, Adam, without at least some premonition of Eve. Yes, and her at her worst—with the snake and all. But that was long ago. "In the days of our youth." When no proverb was to be taken seriously. Not even: "As a jewel of gold in a swine's snout, so is a fair woman which is without discretion." or, "Pride goeth before destruction." etc.

AS with old Omar of the Ruba'iyat. That consummate touch of romance in his will. Remember? This: That his tomb be in a spot where the cool breeze out of the North might scatter it with flowers. And it is told by one of his disciples who later visited the tomb—in Naishapur—how, "Lo, it was just outside a garden, the trees whereof reached out their boughs above the wall and dropped their flowers upon his tomb, so that the stone was completely hidden."

DEAR OMAR! You're recalling also now no doubt those lines of yours: Strange, is it not? that of the myriads who Before us passed the door of Darkness through, Not one returns to tell us of the Road Which to discover we must travel too.

We'd like to bet—were there any way to prove it—that Omar himself, his wistful and enlightened shade, was sitting there on that petal-covered tomb the day his disciple paid it that devotional visit. For great though you were as a lyricist, forgive us, dear Omar, but the Sufis were right: as a metaphysician, you could hardly have been worse.

"NOT one returns?" Gardens the world over are filled with gentle spirits who've "passed the door of Darkness through." Some gardens, it is true, more than others. "The spirit-world around this world of sense floats like an atmosphere..." (Longfellow). "Wafts through these earthly mists and vapors dense a vital breath of more ethereal air." Gardeners are those who draw up out of the deep of their souls the whole substance of some personal Eden—known to them in some ever-existent personal Golden Age; or, let us say, materialize to some extent, here and now, a Garden-Paradise—or a corner of such—from the fields of Heaven itself.

The WEEKLY CONSTITUTIONAL

by MAX BERNIS

The People's Law

Can an unconstitutional law become constitutional?

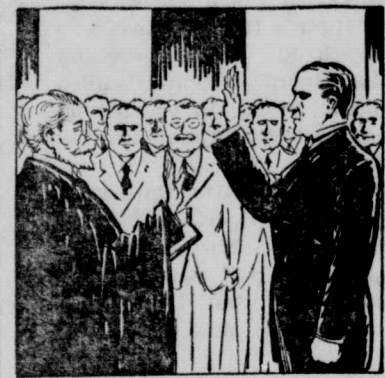

Our Constitution, adopted by the people, is "the people's law" which "we the people" declare to be "the supreme law of the land," and which we require our agents—the President, Judges and members of Congress—to take an oath to uphold. If they act contrary to this supreme law, such action is illegal—void—unconstitutional.

If we the people want to change our supreme law—the people's law—we, and we alone can do so by amending our Constitution, as we have done by 21 amendments. But neither Congress, nor the President, nor the Courts can change the people's law.

When, on several occasions prior to 1913, Congress passed income tax laws, the Supreme Court found such acts void—that is unconstitutional—because we the people, in our Constitution, specified that taxes shall be apportioned among the states according to population (but not income). In doing this the Supreme Court did not oppose the people but rather, acting as the people's author-

ized agent, upheld the people's law as declared in our Constitution.

Then in 1913, we the people changed our Constitution by adopting the 16th Amendment in which

we gave Congress the power to pass income tax laws. Such laws, previously void or invalid because unconstitutional are now valid. The Supreme Court did not change this. We the people changed it by adopting the 16th Amendment. All the Supreme Court does is to interpret or construe the laws as written.

(Next Week: "Protection Against Corruption")

Superintendent J. P. Nourse, of the San Francisco schools believes the house has a strong influence on education. "Before we can educate youth," he said in a recent address, "we must work on some of the mothers and fathers."

Congressmen can't vote to increase their salaries, but there's more than one way of fattening up that \$10,000 a year stipend. Temptation lurks everywhere on Capitol Hill. There was that recent dossier, for example, revealing that congressmen charge up an average of \$31,000 each in personal expenses every year for Uncle Sam to take care of. And he does, generously! He even footed the bill for such intriguing

In either case, the garden-loving spirits flock in.

FLOCK in from where? Before we settle that we'll mention the case of a friend. Who lately met a seerss. Who told her—she hesitated, but here goes! who told her that hell was here and now: that this earth—this life—was hell; and that any hell in the life beyond is but a carry-over... An ancient concept. Old as Lemuria. Older. Older than this Earth is old. And just a shard—one little fragment—of the ancient globe of Truth. Which fits that other shard: That Heaven also is here; now; all about us; always. Both Heaven and Hell. Remember Milton's terrible soliloquy from Satan?—"Myself am Hell!" Myself am Heaven—you say it. When you're gardening. Making your Heaven more manifest.

MOVED to all this—gardening, age, the immanence—yes, and the imminence (look these words up in your dictionary if you feel a doubt)—of Heaven and Hell; moved to all this—we—by an impending birthday. Not that a birthday matters—except, possibly, the first. For we do live in Eternity, don't we? This is Eternity. Now. But the old chariot we've been riding in—we must concede—no longer is the latest model. We've ridden far. Mostly the road was rough. Though the natives were friendly. And the scenery mostly was sheer magnificence. But now, we find, yes, we're getting a little tired of travel—getting a trifle homesick. And—Home? We feel closer to Home—in a garden.

items as "15 gross soap of assorted varieties, including scented, \$127; 25 doz. bath towels, \$175; packing boxes, \$2,500." The irrepressible and penny-wise Mr. Patman, of Texarkana, Tex., has worked out another method for making his \$10,000 nest-egg hatch dividends. Having composed a complex, multiplex, law, he has now become author in earnest and written a substantial tome called, "The Robinson-Patman Act: What You Can and Cannot Do Under this Law." By paying \$4.50 for the book, merchants who would like to sell a pair of shoes or a package of dried apricots, can now find out from Rep. Patman how to do it without fear of landing on Alcatraz.

Inauguration of Santa Fe coordinated one ticket rail-bus service in California has been unavoidably postponed to July first. The service originally scheduled to begin on June 17th has been deferred to July first due to legal action taken by the Southern Pacific and Pacific Greyhound before the Supreme Court of California.

Motorists from the Southland planning trips to Yosemite National Park are advised by the highway department that the best present route is through Fresno and Wawona. Leaving Fresno by way of Blackstone avenue, go via Friant, Kelshaw corners, Coarse Gold, Oakhurst and Fish camp. The road is in good condition.

Anticipating an unprecedented number of tourists to California next year during the Golden Gate Exposition, cities all over the State are entering upon campaigns of beautification. Ventura, the Poinsettia City, is latest to join the procession, planting thousands of poinsettias in the parkings, on school grounds and in the lots and gardens of citizens.

Shades of Jules Verne! Last week an aircraft manufacturing company in Seattle launched a plane weighing 41 tons, equipped with four engines, and capable of carrying 74 passengers—the largest airship ever built in America. Its builders are good optimists, for they created that winged giant not to make news, but to make a reasonable profit. Will a 74-passenger payload become a reality? The public must answer that. The engineers' task is done.

"Hypocrisy is the necessary burden of villainy."

ANOTHER WEED FIRE

A sudden gust of wind whipped a spark from a dying rubbish fire on Carter avenue into a vacant weed infested lot on Carter between Auburn and Baldwin avenues Monday afternoon. Soon a large area was in flames but their prompt response to an alarm got the firemen on the spot before a lot of valuable shade trees were damaged.

Case and Comment

By Charles B. Showalter

(Editor's Note: The opinions expressed herein are those of Mr. Showalter and do not necessarily reflect the attitude or opinions of THE NEWS.)

AT THE very beginning of our National life the government was established on the principle of political party administration. Those who assert that "politics is rotten," must be reminded that party organization is the only machine we have for the expression and enforcement of the will of the people. We know of no other device designed to serve that purpose in a democracy. And in our American democracy the two party system has proved best suited to our purpose in promoting our particular American ideals and aspirations.

In such a system it follows that one party or the other must be dominant. It is better for the general welfare if they occasionally alternate in power. And the cause of good government will be greatly advanced if the minority party puts up an intelligent and forceful opposition. It is to be assumed that the leaders of the major party consider themselves the government of all the people, and not of any faction or class. When the two political parties become essentially identical, then the political life of the nation goes sterile. If we would have healthy political life there must be strong differences between the major political parties. Likewise, it necessarily follows that if we are to have stable government the major parties must be in accord on certain fixed principles.

Some years ago Lord Balfour put this issue quite plainly when he said, "Our alternating cabinets, though belonging to different parties, have never differed about the foundations of society. And it is evident that our whole political machinery, legislative and executive, necessarily rests on certain fundamental principles. They have always agreed on the major objectives of the national life and on the nature of the national order. They have agreed that the people are sovereign and the government at Washington, the servant. They have agreed on the constitutional parliamentary system of government."

They have agreed on our three-department system of government—executive, legislative and judicial—demanding that each respect the other as co-ordinate, and steer their course within the bounds fixed by the Constitution. They have agreed on the profit system in industry. On the doctrine of personal property rights. On the rights of the individual to shape his own course so long as he does not invade the rights of others.

They have agreed on the obligation of the honor, the purpose and the destiny of the Republic. Until the New Deal arrived on the scene the only line of cleavage between the Republican and Democratic parties was on policy and methods of administration.

The Democratic party is, of course, no more. It was decaying into an alien camp by the New Deal and perished there. The New Deal agrees to nothing in the old order. The fundamentals of the American system that served us so well since George Washington have been discarded, discredited and an entirely new theory on the nature and purpose of government evolved.

So we have two major parties now—Republican and New Dealer—with no common ground on which to agree and work out the future of a great people. The two parties are as far apart as the poles on the fundamental differences about the nature of the political and economic order.

When the major parties differ so deeply about the very nature of the national order, common national action becomes impossible, parliamentary government as we have known it is out of the question, and we are confronted with revolution, whether there has been violence or not.

If the New Deal, holding such radical doctrines about the nature of the political and economic order, is to be retained in power, then we must prepare for the thing that has happened to Europe in the past 20 years—absorption by the State of all authority, and liquidation by one means or another of all political opposition to the party in power.

This is inevitable when parties divide on the nature of government rather than upon the administration of government.

P.S.—Can any New Dealer, masquerading as a Democrat, imagine Jefferson or Jackson or Cleveland forgetting that public office is a public trust and using the taxpayers' money to buy an election?

Five Seek Legg's Job As Supervisor

Candidates for public office are wearing a path through Sierra Madre—and about every other community. Two more candidates for supervisor from the First district dropped in Monday to look over the field. They were

W. A. Smith of Whittier, who has served as field secretary for supervisor H. C. Legg during his term of office, and Clarence E. Wagner, Long Beach councilman. There are now five announced candidates for Legg's job, with prospects of more. E. J. Spotts of Temple City announced his candidacy last week.

OBITUARY

MRS. LENA JORDAN

Mrs. Lena Jordan of 45 East Highland avenue, passed away at 2 o'clock Monday afternoon at the Monrovia Hospital. She had been in ill health for about four months but her condition was not considered serious until Wednesday, June 1, when she was taken to the hospital.

Chicago was the former home of Mrs. Jordan, but for the past 31 years she lived in Sierra Madre, keeping house for Father Barth, rector of the first Catholic chapel here. Father Barth died in 1919, and since that time Mrs. Jordan lived alone. She is survived by a sister in Chicago and another in Los Angeles.

In accordance with Mrs. Jordan's wish funeral services to be held Monday will be private.

MRS. MATILDA PALMER

Funeral services for Mrs. Matilda Welles Palmer, 395 North Baldwin avenue, were held Thursday afternoon at the Church of Our Savior, San Gabriel, with the Reverend John R. Atwill officiating.

Mrs. Palmer passed away suddenly at her home on June 6. She was 53 years of age. Her birthplace was Winona, N.J., but had resided in Sierra Madre for 18 years.

Interment was at the San Gabriel Cemetery. Grant's Chapel had charge of the arrangements.

Mr. and Mrs. John T. Smurda and son John Jr., got a breath of the briny over the weekend down at their house in Brentwood Heights.

Santa Barbara called in dulcet tones to Mr. and Mrs. Earl C. Wilcox and children, June, Jimmy and Richard, of Wilcox Road, and was answered on Sunday. The children looked longingly at the big sea water; but were told not to go in. Luncheon on the terrace of the Biltmore Hotel had a pacifying effect, however.

The S. C. Coumbes of 521 Alta Vista Drive were Sunday evening dinner hosts to Mr. and Mrs. David Ross of Los Angeles and Mr. and Mrs. Hans Schreiber of Eagle Rock.

Mr. and Mrs. F. B. Olds of 633 West Sierra Madre Blvd. spent the weekend at their cottage at Laguna Beach.

Mrs. Charles Laurence Washburn of 305 East Orange Grove avenue has returned from a combined business and pleasure trip to Pittsburgh, Penna.

The hospitality of Mrs. Dorothy Jacobson of Big Bear Park was thoroughly enjoyed for several days last week by her parents, Mr. and Mrs. Samuel Mercer of Adams street and her sister, Mrs. M. L. Hays of 248 San Gabriel Court.

Mrs. Nina B. Allerton of the Sierra Madre Savings Bank said thumbs down on work for two weeks, leaving Tuesday morning for the great Northwest with her sister, Mrs. E. E. Per Lee, and niece and nephew Mr. and Mrs. F. M. Moore. They will again travel over the Columbia River highway, saying hello here and there to former neighbors in that part of the country. Victoria and Vancouver, B.C., will also be visited.

Mrs. L. McAndrews and her children will soon be leaving for their home in North Dakota. When Miss Agnes is graduated from P.J.C. lower division next week the family will join Mr. McAndrews at their Dakota home.

Welcome visitors from Texas are the Misses Bertha and Frances Lacy who will spend the summer months with their mother at 70 Windsor Lane.

Councilman Paul Carter was chief speaker at a luncheon meeting of the Michillinda Community Women's Club Wednesday, June 1, in its observance of Foreign Trade Week.

A hurried, but wholly-delightful swing around the country brought an interesting visitor to town last Friday, Miss Marguerite Maynard of Birmingham, Ala., sister of Mrs. R. W. Solomon of 657 West Grand View avenue. She is a vocalist on the staff of Station WBRC of Birmingham and her itinerary embraced the high spots—the Painted Desert, Petrified Forest, Yosemite, the Redwoods, San Francisco and other points of interest.

Mrs. W. T. McKee of 618 West Highland avenue, took a trio of old friends from the east up to Boulder Dam Monday for a sight-seeing trip of several days. They were Mrs. Sallie Hayden, Mrs. Nina Baker, and Mrs. Dixie Johnson, all of New York City.

Visitors from a remote part of the world in our midst Monday evening as dinner-guests of Mr. and Mrs. J. Lord of 52 West Grand View, were Dr. and Mrs. R. H. Brown of Manila, P. I. Dr. Brown was a classmate of Mr. Lord's at Park College in Kansas City and is president of the Silliman Institute in Manila.

Woman's Club Notes

MRS. A. F. SNELL electrified the Woman's Club on Wednesday with her talk upon "Technocracy," continuing the topic, "How and Why Educate for Democracy," given at a previous date by another speaker.

Mrs. A. D. Cain presented Stephen Eggleston of Monrovia, a tenor of ability. His group of songs was loudly acclaimed. Dr. J. Earl Gossard addressed the club in behalf of the China Relief, urging attendance at the rice-bowl party on June 16. Mrs. R. B. Valle of the Los Angeles District Federation of Women's Clubs, spoke on biographies as one of the most important forms of literature.

Mrs. Harold I. Stitt, was after-luncheon speaker, reading 12 articles on democracy, from the Christian Science Monitor, taken from various writers.

The program for Wednesday, June 15, will be the Reciprocity Day program and tea in the garden. The time is 1:30 p.m.

DEMOCRATS TO HOLD A PICNIC SUNDAY

A party of local Democrats will attend the Democratic Good-fellowship picnic Sunday, at Whit-ing Woods park near Montrose. Many candidates are expected and there will be dancing, games and refreshments.

Safeway Stores Take Strong Stand Against Use Of Farm Products As "Loss Leaders"

For several years Safeway Stores, Inc., has participated in a program of cooperation with agriculture to increase farm income through greater efficiency in distributing farm products, and correcting practices which are considered harmful to agriculture. One of these practices considered harmful is the use of farm products as "loss leaders," and this practice has been contrary to Safeway's policy. The latest development in perfecting actual operations under this policy is contained in the following bulletin issued to division managers of Safeway by L. A. Warren, president of the company:

"Two years ago we adopted a policy of not using farm products as loss leaders. In the future you will see that no farm products are sold at less than 20 per cent over your landed warehouse cost, except to meet competition.

"When it becomes necessary to meet a lower price than that quoted by you, please get documentary evidence to support the meeting of competitive price. If the lower price appears in a newspaper advertisement, please get copies of it and mail it to me. If the price is made by the use of window posters or price cards, please have photographs taken by a local photographer and mail copies of these to me.

"This is of vital importance in carrying out the policies which we adopted in good faith and, as a matter of fact, I see no reason why we should ever sell this type of merchandise on any other basis as a matter of good business."

FIRE FLAMES

By One of The Boys

WE ARE now entering the most hazardous fire season in years. Until the many vacant lots are cleared of the dry weeds and grass, a great deal of care must be practiced to prevent unwanted fires. Chief Richards earnestly requests that all dangerous piles of rubbish, trimmings, weeds and such be re-potted in order that they may arrange for their removal. Bad incinerators are another source of danger and the report of one of these will be a favor to your neighbors. People do not mean to be careless about such matters, but many do not realize the danger. Do not wait for the summer weed crew to clean the lot next to you—play safe and clear along the boundary. The Chief also asks that folks examine the wiring in the house and if a loose connection is discovered, have it repaired by someone that knows how. And by all means if a fire is discovered, do not hesitate to call the fire department for help. Minutes count when it comes to putting out a fire. Let's keep 'em down.

legged citizens after the firemen's dance tomorrow night. A big crowd is expected and a good time is guaranteed.

New Appeal Out For Aid To China War Victims

The fact that one cent—one American penny—will feed a Chinese child for a day— took on real meaning in Sierra Madre this week when the local committee for the aid of Chinese civilians, under the chairmanship of Dr. J. Earl Gossard, began distribution of a number of "Bowl-of-Rice" depositories (banks) for reception of this town's contributions to that end.

The bowls, it is hoped, will add considerably to any sum raised by the "Bowl of Rice" dinner and entertainment to be held at the Woman's clubhouse, here in Sierra Madre, on the 16th—next Thursday; and any sum is considerable when a single penny may mean some child's rescue from hunger-torture for a day.

The penny-a-day fact will have its effect on the dinner to be served at the Woman's Club—a Chinese dinner, excellent and bountiful, but modest and moderately priced. To insure its excellence, Miss Yang Ling-fu, of Berkeley, will be in charge. Miss Yang, a brilliant artist, wit, and scholar, already has many friends in Sierra Madre. Her advent here as a caterer is awaited with real suspense.

After the dinner there will be an entertainment, the principal features of which will be an address by the Chinese consul in Los Angeles, the Hon. T. K. Chang, recognized as one of the most brilliant representatives anywhere of the struggling young republic, and an original pageant of dances and tableaux put on by a special committee under the direction of Prof. Ivan Karlov.

Those who are unable to attend the dinner may buy tickets for the entertainment separately at a reduced price. It is urged that those who may find it impossible to attend either dinner or entertainment will make use of the "rice-bowls" for contributions, however great or small. The bowls will be sent to a central committee where the sums will be audited and forwarded to China without the usual heartbreaking and discouraging reductions for "expenses."

Tickets also may be secured at either of the two local drug stores.

Besides Dr. Gossard, the committee includes R. C. Lewis, president of the Chamber of Commerce, treasurer; R. E. Wright, of the city Planning Commission and the Kiwanis; Miss Lena Lee, Mrs. Al S. Myers, president of the Woman's Club; Perley Poore Sheehan, Forum leader; and Paul Carter, councilman, designated by Mayor W. J. Schiltz as representative of the municipality.

Arrangements are now complete for holding some 2000 of these "Bowl of Rice" parties throughout the United States. Plans are also moving ahead to designate June 17 as "Humanity" day throughout the nation, at which time as part of the activities of the day, Nation-wide radio broadcasts, under the direction of Colonel Theodore Roosevelt, Jr., national chairman, will carry the message of this great humanitarian cause to millions of listeners.

DEAN BODE TO ADDRESS BOYS SCHOOL GRADUATES

Dean Arnold Bode will deliver the graduation address to graduates of the Voorhis school for Boys at San Dimas at 2 o'clock tomorrow afternoon.

A. L. A. Activities

WILL your flag unfurl in thankful reverence of our chosen emblem on the birthday of Old Glory, June 14? Many right here in our own fair city may have the flag hung incorrectly. If your neighbor does not know his error won't you respectfully call his attention to it?

June 21st there is to be an other nation-wide historic observance, the anniversary of the establishment of the United States Constitution.

All communities are urged to form committees to see that an observance of these two important days be carried out.

A downtown store is displaying a hand-made lamp that we are disposing of to aid a very needy ex-service woman who has served her country during two wars and is aged 65 years. She is non-compensated and with no means of support. We are proud to be able to help her in a small way.

Helen Lovejoy.

Zoning Plan Draws But Little Fire

to other uses, could not be interfered with, but that such business could not be extended by new construction or enlargement except by installation of new machinery within structures existing when the zoning law is enacted. After the planning commission acts on protests and suggestions already filed there will be another hearing. When the commission makes its recommendation to the council the state law requires that it shall hold two hearings.

Robert Babbitt filed a protest saying he had bought a lot adjoining his place of business on West Sierra Madre Blvd., in the hope that he could at some future time enlarge his business. The vacant lot is between his business property and the Woman's Club where dances are often held and would not be desirable for a dwelling, he said.

Mr. Vonn said he had bought next to the Babbitt property with the idea that he might later establish a small printing plant there. He thought with a plumbing shop next door, a gas station across the street and a near-by grocery it would not be desirable residential property.

Donald Tarr, speaking for N. W. Tarr, his father, said he hoped the present Lima street line would not be changed, but that the northwest corner of Lima street and Sierra Madre Blvd. would be zoned for business. Charles Askew, owner of the lot at the southwest corner of Lima and Sierra Madre Blvd., said he believed if the present Lima street limitation of the business district is to stand, all four corners there should be zoned for business.

The planning commission will consider the protests at its future meetings and prepare its plans for a future hearing.

be allowed to change their bids for gasoline to be supplied the city for use in the city's motor equipment. It was decided to defer action until the next meeting. The bids were asked for as a part of the plan to discontinue the purchase of motor fuel and lubricants from local dealers and to buy in bulk direct from the oil companies.

Insurance on the city's motor cars, tractor, roller and other motor driven machinery, 20 pieces in all, was awarded to the U. S. Fidelity and Guaranty Co., of which Minor Harkness is the local agent, on its bid of \$783.00. The next lowest bid was \$796.00.

Application of Bob Ward to swing a streamer advertising dances across Sierra Madre Blvd., was denied, as was an application for \$25.00 to help defray the cost of a recent convention here of the Japanese-American Society.

A request of the "Local Liquor Control League" that the Council appoint a representative on the League's committee endorsing the project and cause a local option petition to be circulated here was ordered filed on motion of Councilman John Froehlich.

Altar Society Will Hold Series Of Summer Parties

June, the month of brides, was the motif of the exquisitely decorated tables at a luncheon of St. Rita's Altar Society at the parish house Tuesday.

Covers were laid for 45 at five tables, each carrying a centerpiece symbolic of this colorful month. A sturdy silver horseshoe tied with pink flowers with a silver wishbone on the base; a dainty pink umbrella; wedding bells; wedding ring; and a clever doll bride and groom were designed and made by Mrs. Peter Thill whose reputation for originality is well known.

Father Alan Prendergast, who preached his first sermon in Sierra Madre last Sunday was a guest. Hostesses were Mesdames William Banghart, Frank Spencer, Julia Shannon and W. D. Richards.

It was decided to hold a series of summer parties one each month the first to be held June 21 on the Gersha estate. It will be given by Miss Effie Walch, Mrs. Moore and Mrs. A. J. Wysocki.

LATE FILM FAVORITES AT UPTOWN THEATRE

"Gold Is Where You Find It," starring George Brent and Olivia De Havilland, comes to the Uptown Theatre today and Saturday. "Penrod and His Twin Brother" with the Mauch Twins, completes the bill.

"Bluebeard's Eighth Wife" with Gary Cooper and Claudette Colbert is the main feature on Sunday through Wednesday, with "Fifty-Second Street" starring Kenny Baker and Leo Carrillo as the second feature. "Tom Sawyer" and "Her Jungle Love" will be shown beginning Thursday.

OBITUARY

MRS. LENA JORDAN

Mrs. Lena Jordan of 45 East Highland avenue, passed away at 2 o'clock Monday afternoon at the Monrovia Hospital. She had been in ill health for about four months but her condition was not considered serious until Wednesday, June 1, when she was taken to the hospital.

Chicago was the former home of Mrs. Jordan, but for the past 31 years she lived in Sierra Madre, keeping house for Father Barth, rector of the first Catholic chapel here. Father Barth died in 1919, and since that time Mrs. Jordan lived alone. She is survived by a sister in Chicago and another in Los Angeles.

In accordance with Mrs. Jordan's wish funeral services to be held Monday will be private.

MRS. MATILDA PALMER

Funeral services for Mrs. Matilda Palmer, 395 North Baldwin avenue, were held Thursday afternoon at the Church of Our Savior, San Gabriel, with the Reverend John R. Atwill officiating.

Mrs. Palmer passed away suddenly at her home on June 6. She was 53 years of age. Her birthplace was Winona, N.J., but had resided in Sierra Madre for 18 years.

Interment was at the San Gabriel Cemetery. Grant's Chapel had charge of the arrangements.

'Round The Town

Mr. and Mrs. John T. Smurda and son John Jr., got a breath of the briny over the weekend down at their house in Brentwood Heights.

Santa Barbara called in dulcet tones to Mr. and Mrs. Earl C. Wilcox and children, June, Jimmy and Richard, of Wilcox Road, and was answered on Sunday. The children looked longingly at the big sea water; but were told not to go in. Luncheon on the terrace of the Biltmore Hotel had a pacifying effect, however.

The S. C. Coumbes of 521 Alta Vista Drive were Sunday evening dinner hosts to Mr. and Mrs. David Ross of Los Angeles, and Mr. and Mrs. Hans Schreiber of Eagle Rock.

Mr. and Mrs. F. B. Olds of 633 West Sierra Madre Blvd. spent the weekend at their cottage at Laguna Beach.

Mrs. Charles Laurence Washburn of 305 East Orange Grove avenue has returned from a combined business and pleasure trip to Pittsburgh, Penna.

The hospitality of Mrs. Dorothy Jacobson of Big Bear Park was thoroughly enjoyed for several days last week by her parents, Mr. and Mrs. Samuel Mercer of Adams street and her sister, Mrs. M. L. Hays of 248 San Gabriel Court.

Mrs. Nina B. Allerton of the Sierra Madre Savings Bank said thumbs down on work for two weeks, leaving Tuesday morning for the great Northwest with her sister, Mrs. E. E. Per Lee, and niece and nephew, Mr. and Mrs. P. M. Moore. They will again travel over the Columbia River highway, saying hello here and there to former neighbors in that part of the country. Victoria and Vancouver, B.C., will also be visited.

Mrs. L. McAndrews and her children will soon be leaving for their home in North Dakota. When Miss Agnes is graduated from P.J.C. lower division next week the family will join Mr. McAndrews at their Dakota home. Welcome visitors from Texas are the Misses Bertha and Frances Lacy who will spend the summer months with their mother at 70 Windsor Lane.

Councilman Paul Carter was chief speaker at a luncheon meeting of the Michillinda Community Women's Club Wednesday, June 1, in its observance of Foreign Trade Week.

A hurried, but wholly-delightful swing around the country brought an interesting visitor to town last Friday, Miss Marguerite Maynard of Birmingham, Ala., sister of Mrs. R. W. Solomon of 657 West Grand View avenue. She is a vocalist on the staff of Station WBRC of Birmingham and her itinerary embraced the high spots—the Painted Desert, Petrified Forest, Yosemite, the Redwoods, San Francisco and other points of interest.

Mrs. W. T. McKee of 618 West Highland avenue, took a trio of old friends from the east up to Boulder Dam Monday for a sight-seeing trip of several days. They were Mrs. Sallie Hayden, Mrs. Nina Baker, and Mrs. Dixie Johnson, all of New York City. Visitors from a remote part of the world in our midst Monday evening as dinner-guests of Mr. and Mrs. E. J. Lord of 52 West Grand View, were Dr. and Mrs. R. H. Brown of Manila, P. I. Dr. Brown was a classmate of Mr. Lord's at Park College in Kansas City and is president of the Silliman Institute in Manila. A couple of cards from the "Wandering Bumpus Family."

A happy four-week trip covering 14 cities, and including a visit with his mother, Mrs. Josephine Freedman of New York City, who is 84 years old, was completed last week by A. E. Barrett of 142 East Sierra Madre Blvd.

Mr. and Mrs. Albert Rochat of Four Lakes, Wash., spent a few delightful days this week visiting Mrs. Rochat's mother, Mrs. Leora Groth of 122 N. Baldwin avenue. Mrs. Sarah A. Curran of 110 E. Highland avenue recently spent an enjoyable two weeks with her mother in Santa Monica. Her son and daughter-in-law have been vacationing in Portland, Ore.

Woman's Club Notes

MRS. A. F. SNELL electrified the Woman's Club on Wednesday with her talk upon "Technocracy," continuing the topic, "How and Why Educate for Democracy," given at a previous date by another speaker.

Mrs. A. D. Cain presented Stephen Eggleston of Monrovia, a tenor of ability. His group of songs was loudly acclaimed. Dr. J. Earl Gossard addressed the club in behalf of the China Relief, urging attendance at the rice-bowl party on June 16. Mrs. R. B. Valle of the Los Angeles District Federation of Women's Clubs, spoke on biographies as one of the most important forms of literature.

Mrs. Harold I. Stitt was after-luncheon speaker, reading 12 articles on democracy, from the Christian Science Monitor, taken from various writers.

The program for Wednesday, June 15, will be the Reciprocity Day program and tea in the garden. The time is 1:30 p.m.

DEMOCRATS TO HOLD A PICNIC SUNDAY

Safeway Stores Take Strong Stand Against Use Of Farm Products As "Loss Leaders"

For several years Safeway Stores, Inc., has participated in a program of cooperation with agriculture to increase farm income through greater efficiency in distributing farm products, and correcting practices which are considered harmful to agriculture. One of these practices considered harmful is the use of farm products as "loss leaders," and this practice has been contrary to Safeway's policy. The latest development in perfecting actual operations under this policy is contained in the following bulletin issued to division managers of Safeway by L. A. Warren, president of the company:

"Two years ago we adopted a

policy of not using farm products as loss leaders. In the future you will see that no farm products are sold at less than 20 per cent over your landed warehouse cost, except to meet competition.

"When it becomes necessary to meet a lower price than that quoted by you, please get documentary evidence to support the meeting of competitive price. If the lower price appears in a newspaper advertisement, please get copies of it and mail it to me. If the price is made by the use of window posters or price cards, please have photographs taken by a local photographer and mail copies of these to me.

"This is of vital importance in carrying out the policies which we adopted in good faith and, as a matter of fact, I see no reason why we should ever sell this type of merchandise on any other basis as a matter of good business."

HAS SIGHTSEEING PARTY ON HER BIRTHDAY

Betsy Ward, daughter of the Edwin Ward Jr.'s, has wished to see Olvera Street in Los Angeles for a long time, so in honor of her eighth birthday, her mother, Mrs. Edwin Ward, and Mrs. Harold F. Roberts of East Alhambra Ave., took Miss Betsy, her sister Jerry, Marvel Roberts, and Phyllis Spring to luncheon Friday, then on a tour of the quaint street that never grows old, and to the famous General Fremont house.
